

Curriculum vitae: Dr Stefanie M Gärtner

Institute of Silviculture,
Faculty of Forest and Environmental Science, University of Freiburg
Tennenbacherstr. 4,
79106 Freiburg, Germany
stefanie.gaertner@waldbau.uni-freiburg.de
Telephone: ++49 761 203 3672
Fax: ++49 761 203 3781

Present appointment

Since 01/2011 Researcher and Lecturer (Wissenschaftliche Angestellte) Institute of Silviculture, University of Freiburg

ACADEMIC EDUCATION

1993-1998: Studies in Forest Science, Albert-Ludwigs University, Freiburg, Germany
1998: Diploma in Forest Science, Albert-Ludwigs University, Freiburg, Germany,
1999-2003: PhD position at the Albert-Ludwigs University, Freiburg, Institute of Silviculture
2003: PhD (Dr. rer. nat., summa cum laude), Albert-Ludwigs University, Freiburg, Germany

ACADEMIC POSITIONS

2004-2007: Postdoctoral fellow and lecturer at the Institute of Silviculture, Albert-Ludwigs University, Freiburg, Germany
03-09/2005: Postdoctoral fellow, DAAD postdoc scholarship, USDA Forest Service Research Stations in South Burlington, Vermont and Corvallis, Oregon, USA
2008-2010: Postdoctoral fellow at the Department of Renewable Resources, University of Alberta, Edmonton, Canada
Since 01/2011 Postdoctoral fellow and lecturer at the Institute of Silviculture, Albert-Ludwigs University, Freiburg, Germany

PRICES, FELLOWSHIPS, AWARDS

2010 German Forest Science Award
2005 German Academic Exchange Organisation (DAAD), Postdoc Scholarship

RESEARCH EXPERIENCE

POSTDOCTORAL FELLOW (January 2008 – November 2010)

Northern Vegetation Ecology Group, Department of Renewable Resources, University of Alberta, Edmonton, Canada

- Data analysis and preparation of scientific manuscripts for projects related to boreal mixedwood forests – natural regeneration, biodiversity relationships, and effects of alternative forest management regimes.
- Assist in supervision of graduate students, particularly in terms of advising on experimental design and data analysis.
- Co-taught the undergraduate course “Forest Ecosystems” (Fall 2009) and advised two teaching assistants.
- Project: Benchmarking Natural Origin Stand Development

RESEARCHER & LECTURER (January 2004 – December 2007)

Institute of Silviculture, Albert-Ludwigs University, Freiburg, Germany.

- Developed and taught fourteen ecology and methodological courses at the undergraduate and graduate level.
- Participated in various graduate student projects.
- Moderated and organized graduate student peer seminar (2001 – 2003) and the Institute of Silviculture seminar (2003 – 2005).
- Supervised and consulted graduate students (Diploma, Master, Ph.D), maintained an open door policy to consult with methodological questions.
- Participated in the institutes’ organisation, in committees and in administration.
- Project: Conservation of flora and fauna in arid sites through the improvement of pine forests in the 'Trockenaue' (arid floodplain) along the Upper Rhine Valley. (DBU-Project):
- Project: Regeneration and Growth of Pedunculate Oak (*Quercus robur*) on xerothermous sites in the Upper Rhine Valley (Oberdorfer Foundation):

POSTDOCTORAL FELLOW (March 2005 – September 2005)

German Academic Exchange Service (DAAD) Post-Doc Program at the USDA Forest Research Station in South Burlington, Vermont and Corvallis, Oregon.

Project: Analysis of the usability and implementation of existing North American decision support systems in the forestry sector. Case study: Evaluation of landscape integrity and management planning:

PH.D. STUDENT (JUNE 1999 – JUNE 2003)

Institute of Silviculture, Albert-Ludwigs University, Freiburg, Germany.

- Moderated and organized graduate student peer seminar (2001 – 2003) at the institute of silviculture.
- Taught 2 courses at the undergraduate and graduate level.
- Project: Effects of forest management on the vegetation and the naturalness of the forests in the southern Black Forest - consequences of the conversion of spruce dominated even-aged-forests to uneven-aged mixed-wood forests:

RESEARCH ASSISTANT AND SHORT TERM CONTRACTS (1994 – 1999, 2003)

Albert-Ludwigs University, Freiburg worked on various projects at the following institutes and departments: Forest Biometrics, Landscape Management, Silviculture and Vegetation Science and Site Classification.

TEACHING EXPERIENCE**PROFESSIONAL DEVELOPMENT IN TEACHING:**

Baden-Württemberg Certificate for teaching at the university level (2005)
Teaching Enhancement Series at the University of Alberta (2009)

TEACHING PROJECTS:

“Nature conservation” module (Workshop in Tirana, Albania) in the **TEMPUS Project**
“Curriculum Development in Forestry Sciences” sponsored by the **European Union**.

Intensive Programme “Site Classification of European Forests (SCEF)” sponsored by the **European Union** within the Lifelong Learning Programme. Implemented as a cooperation between the Institute of Silviculture, Albert-Ludwigs University Freiburg, Germany, the Institute of Forest Botany-Geobotany, Aristotle University of Thessaloniki, Greece and Transilvania University of Brasov, Romania.

COURSES TAUGHT:

UNIVERSITY OF ALBERTA, EDMONTON, CANADA:

Forest Ecosystems (FOR322) – undergraduate course (3 credits, contribution 18h) co-constructed with Dr. Ken Stadt (Fall 2009)

ALBERT-LUDWIGS-UNIVERSITY, FREIBURG, GERMANY

Courses in the Diplom-Programm – Forstwissenschaften (Forest science) (in German)

- Field ecology methods in vegetation science and site classification - elective course 574d – graduate level (1999 – 2004, 2006 and 2007, complete course 20h)
- Theories and methods of vegetation science - elective course 128d – graduate level (1999 – 2007, complete course. 20h)
- Introduction to the multivariate methods applied in ecology -elective course 638d – graduate level (2003-2007, complete course 20h)

- Application of multivariate statistics in ecology – elective course 639d – graduate level (2005 and 2006, complete course 20h)
- Plant identification – elective course 127a – undergraduate level (2004, complete course 40h)
- Field practicum in Greece: Soil, climate, flora and vegetation management – elective course 716a – graduate level (2006, contribution: 15h) (English)
- Excursion in the Upper Danube Valley – elective course 619a – undergraduate level (2004, co-taught and organized - one week excursion - hiking and camping field trip)
- Penn State Excursion 09. – 21. October 2006 – elective course, graduate level (2006, organized pre- and post- student preparation (papers and presentations), Pennsylvania USA exchange program)

Courses in the BSc – „Waldwirtschaft und Umwelt“ (Forestry and Environment) (in German)

- Plant identification: Flora, Vegetation & Fauna (BSc. minor subject "Nature Protection and Landscape Conservation") (2006, complete course: 40h)
- Plant identification: Flora, Vegetation & Fauna (BSc. minor subject "Environmental Sciences") (2006, complete course: 40h)

Courses and contributions to the Master's Program: Forest Ecology and Management (in English)

- Methods in Community Ecology within the core module, Methods of Ecosystem Analysis – elective module (2007, complete course: 60h)
- Conservation Biology - core module (2006, contribution: 10h)
- Population and Community Ecology - core module (2006, contribution: 8h)
- Ecosystem Management - core module (2006, contribution 2h)

SUPERVISING AND ADVISING STUDENTS**ADVISING PH.D STUDENTS:**

- The evolution and current state of nutrient poor, acid swamp forests in the northern Black Forest region, south-west Germany. (2004 – present)
- The drought tolerance limit of European beech (*Fagus sylvatica* L.) stands on Mt. Olympus, NC Greece. (2004 – 2009)
- Natural Small-Scale Disturbances and Below-Canopy Solar Radiation Effects on the Regeneration Patterns in a *Nothofagus betuloides* Forest – A Case Study from Tierra del Fuego, Chile. (2005 - 2008)
- Vegetation und Standorte von Aufforstungen im Bereich der Provinz Shaanxi, V.R. China.
[Vegetation and reforestation site conditions in the province of Shaanxi, P.R. China] (2000 – 2001)

ADVISING MASTER STUDENTS DURING THEIR SIX MONTH PROJECTS:

- Morphologische Variabilität des griechischen Tannenhybriden *Abies x borisii-regis* (Mattfeld). [Morphological variability of Greek fir hybrids *Abies x borisii-regis* (Mattfeld).] (2008)
- Verjüngung und Jugendwachstum von natürlichen angesamten Stieleichen (*Quercus robur*) auf Xerothermstandorten am südlichen Oberrhein. [Regeneration and growth of naturally regenerated pedunculate oak (*Quercus robur*) on xerotherm sites in the southern upper Rhine valley.] (2007)
- Regeneration of the main coniferous species (*Pinus pinea* L., *Pinus halepensis* Mill. & *Juniperus oxycedrus* L. ssp. *macrocarpa* (Sibth. & Sm.) Ball) of the pine forest of the Schinias & Marathon National Park, Greece. (2007)
- Waldstruktur in Habitaten des Dreizehenspechts im Südschwarzwald. [Forest stucture in habitats of the Three-toed Woodpecker in the southern Black Forest.] (2006)
- Kiefernwälder der Trockenaue am Oberrhein – Vegetation, Naturverjüngung und Totholz in Abhängigkeit von der Bestandesstruktur. [Pine stands in the dry alluvial site in the upper Rhine valley – vegetation, natural regeneration and coarse woody debris in relation to forest structure.] (2006)
- 15 Jahre Waldentwicklung nach Sturm „Wiebke“. Externe Diplomarbeit, Universität Oldenburg. [15 years of forest development after the storm „Wiebke“.] (2006)
- Ein Vergleich der Elementgehalte von ausgesuchten Arten der Bodenvegetation (*Vaccinium myrtillus*, *Deschampsia flexuosa* und *Rhytidadelphus loreus*) zwischen gedüngten und ungedüngten Waldflächen im Nordschwarzwald zur Untersuchung der langfristigen direkten Wirkungen von Walddüngung. [Comparison of the element content of selected species of the ground vegetation (*Vaccinium myrtillus*, *Deschampsia flexuosa* and *Rhytidadelphus loreus*) between fertilized and unfertilized forest stands in the northern Black Forest.] (2004)
- Zur Eignung des Dreizehenspechts (*Picoides tridactylus alpinus*) als „umbrella-species“ für die Avizönose hochmontaner Fichtenwälder im Hochschwarzwald. [Suitability of the Three-toed Woodpecker (*Picoides tridactylus alpinus*) as an umbrella species for the avicoenoses of the high montane spruce forests of the high Black Forest.] (2004)
- Der Speierling (*Sorbus domestica* L.) im Großherzogtum Luxemburg. [The true service tree (*Sorbus domestica* L.) in the dukedom Luxemburg.] (2003)
- Einfluss von Holzernte und Beweidung auf die Struktur von Bergmischwäldern in Ghetari, Apuseni-Gebirge, Rumänien. [Impact of logging and grazing on the structure of mixed mountain forests in Ghetari, Apuseni mountain range, Romania.] (2003)
- Methodenvergleich zur Erhebung der Bodenvegetation im Wald. [Comparison of forest ground vegetation assessment methods.] (2003)
- Vegetation, Nutzungsgeschichte und Standortbedingungen eines Flaumeichenwaldes bei Tagolsheim, Elsass, Frankreich. [Vegetation, land use history and site conditions of a downy oak forest by Tangolshaim, Alsace, France.] (2003)

- Die Naturverjüngung der Wälder im Apuseni-Gebirge Rumäniens und ihre Beeinflussung durch die Waldweide.
[Natural regeneration of forests in the Apuseni-mountain range of Romania and the impact of grazing.] (2002)
- Die Waldvegetation an Sonnenhängen im Apuseni-Gebirge Rumäniens.
[Forest vegetation on southern slopes in the Apuseni-mountain range in Romania.] (2000)

SERVICE

- Reviewed manuscripts for: European Journal of Forest Research, Forest Ecology and Management, International Forestry Review, Plant Ecology, International Journal of Biometeorology
- Substitute female guidance counsellor (Faculty of Forest and Environmental Science, University of Freiburg) (2005-2007)
- Member of the Ph.D examination committee (Faculty of Forest and Environmental Science, University of Freiburg) (2007)
- Faculty of Forest Science Ph.D. student representative on the steering committee of the interdisciplinary research group for the BMBF (German Ministry of Education and Research) Research program of the Southern Black Forest (1999-2001)

ADDITIONAL WORK EXPERIENCE

INTERNSHIP at the Zurmöhle & Jenne **LANDSCAPE PLANNING OFFICE** (February – April 1997)

in Freiburg, Germany with an emphasis on waterway development concepts and environmental compatibility studies for various road construction projects and flood control measures

INTERNSHIP IN ORGANIC HORTICULTURE (September 1996)

at the Benedictine Abbey in Fulda, Germany

GARDENER'S APPRENTICESHIP (September 1991 – August 1993)

Garden and landscape design, with the firm Garten Moser in Reutlingen, Germany Qualification: GARDENER

INTERNSHIP (February – May 1991)

at the Bad Liebenzell, Baden-Württemberg Forest Administration

STUDY ABROAD – Boreal Forestry (August – December 1990)

in Svenljunga, Sweden. Skogsgymnasiet practical forest work, Boreal forest tending, forest harvesting and utilisation concepts

MEMBERSHIPS

- Ecological Society of Germany, Austria and Switzerland - GfÖ
- International Association for Vegetation Science
- Society for Ecological Restoration International
- Society for Conservation Biology (SCB)

Naturschutz und Forstwirtschaft im Dialog "Schutz der Biologischen Vielfalt im Wald", am Bundesamt für Naturschutz - Internationale Naturschutzakademie Insel Vilm, 26.-29.September.2004
[Conservation of biodiversity in forests: diversity versus naturalness – The impact of tree species selection on the ground vegetation in the southern Black Forest and the Swabian Alb.]

- Gärtner, S.**, Engelhard, J. Reif, A.: Diversität versus Naturnähe - Einfluss von Baumarten auf die Bodenvegetation im Südschwarzwald und auf der Schwäbischen Alb. Jahrestagung 2004 der Sektion Waldbau des DVFFA in Staufen, 06.-August.9. 2004 [Diversity versus naturalness – Impact of tree species composition on the ground vegetation in the southern Black Forest and in the Swabian Alb.]
- Gärtner, S.**, Reif, A.: The Effects of Forest Conversion on Ground Vegetation in the Southern Black Forest. CONFOREST – International Conference: “The Question of CONversion of Coniferous FORESTS”, in Freiburg 27.09. – 02.October.2003
- Gärtner, S.**, Reif, A.: Auswirkungen des Waldumbaus auf die Vegetation im Südschwarzwald – Methodisches Vorgehen zur Bearbeitung einer komplexen vegetationsökologischen Fragestellung. 15. Jahres-Tagung der Sektion Forstliche Biometrie und Informatik des DVFF in Freiburg vom 9.-10.October.2003
[Impact of forest conversion on the ground vegetation in the southern Black Forest – methodological procedure to analysis a complex ecological question.]
- Gärtner S**, Reif A: Auswirkungen des „ökologischen“ Waldumbaus auf die Artenzusammensetzung der Vegetation und die Struktur der Wälder im Südschwarzwald Jahrestagung der Gesellschaft für Ökologie in Cottbus, 16.-20. September. 2002
[Impact of the ecological forest conversion on the composition of the ground vegetation and the structure of the forests in the southern Black Forest.]

Poster presentations:

- Gärtner S.** , Reif A. , Nill M. , Prinz J. , Essmann H.: Integrating local interests in land use planning for conservation in a changing environment – a case study from the Upper Rhine Valley in Southwest Germany. 24th International Congress for Conservation Biology (ICCB 2010), Conservation for a changing planet. Edmonton, Alberta, Canada. July 3-7, 2010.
- Promis, A., Durán-Rangel, C., Butler-Manning, D., **Gärtner, S.**, Reif, A., Cruz, G. 2008. Estimation of solar radiation transmittances from hemispherical photographs using four different programmes. In: Freiburger Forstliche Forschung. Berichte 76. Forstwissenschaftliche Tagung. S. 111. Ressourcenknappheit und Klimaänderung: Herausforderung für die Forstwirtschaft. Albert-Ludwigs-Universität Freiburg im Breisgau. 24.-27 September 2008.
- Promis, A., Reif, A., Cruz, G., **Gärtner, S.** 2007. Do natural small-scale disturbances change the understorey plant species diversity in an evergreen broadleaved Nothofagus betuloides forest at high southern hemisphere latitude? In: Becker, U., Becker, T., Brandl, R., Ziegenhagen, B. (eds) Proceedings of the 37th Annual Conference of the Ecological Society of Germany, Austria and Switzerland in Marburg, Germany, 10-14 September 2007
- Nill, M., **Gärtner, S.**, Reif, A., Essmann, H., Prinz, J.: Restoring xerotherm habitats by converting pine forests on previous alluvial sites in the upper Rhine valley, Germany - finding new landuse systems via participation. Formalised and Non-Formalised Methods in Resource Management - Knowledge and Learning in Participatory Processes. Osnabrück, 21.- 22.09.2006.
- Nill, M., **Gärtner, S.**, Reif, A., Essmann, H., Prinz, J.: Restoring xerotherm habitats by converting pine forests on previous alluvial sites in the upper Rhine valley, Germany - finding new landuse systems via participation. Forstwissenschaftliche Tagung 2006, Tharandt-Dresden 20.-22.09.2006
